VDA 2 - Production Process and Product Approval (PPA)

1. Contents:

VDA Volume 2 “Quality Assurance for Supplies” describes the basic requirements for sampling of serial parts submission for automotive serial parts. This ensures that the customer’s expectations are understood and implemented by the supplier so that the product can be manufactured to maximum customer satisfaction. In this training, you will become familiar with and learn to apply the VDA standard.

2. Objectives:

- a) You will be familiar with the procedure for the release of products and their associated production processes within the scope of organizational responsibility.
- b) You will be able to plan and coordinate the PPA process and integrate it into the product engineering process.
- c) You will be familiar with the triggers for a PPA process as well as the evidence for internal and external release.
- d) You will be able to apply the PPA standard correctly.
- e) You will be able to apply the PPA process for software as a product and/or as part of the product.

3. Concept and Methods:

Blended learning design:

- a) Run-up: Online quiz to determine the level of experience.
- b) Classroom training with integrated individual tasks and group work.

- c) Eight weeks after the attendance date: Final webinar to exchange experiences and clarify open questions.

4. Target Audience:

- a) Persons involved in production process and product releases from quality, purchasing, development, logistics or production.
- b) Interested employees.

5. Prerequisites for Attendance:

Knowledge of quality management systems and product engineering processes.

Recommended:

- a) Knowledge of the requirements of IATF 16949.
- b) Expert knowledge of the contents of other VDA volumes, in particular the VDA volume Maturity Level Assurance for New Parts.

6. Certificate of Qualification:

After passing the knowledge test (Multiple-Choice-Test), you will receive a digital certificate of qualification.

7. Duration:

2 days (16 hours) plus 90 min. webinar.

8. Accompanying Material:
